LIVE AUCTION · GUN RAFFLES  
benefiting the**

### **SUPPORT FOR LIFE FOUNDATION TRADE SCHOOL SCHOLARSHIPS**

We believe opportunity should be available to all students wishing to better themselves and their families through financial assistance for trade and vocational training.

As the focus of high school advising continues to shift toward traditional college programs and states continue to cut funding for vocational programs, it is important that the nearly 70% of students who do not plan to attend traditional college programs have options. Vocational education is an important opportunity for our children, our businesses and our country's economic future.
